Ministry leaders in Turkey invite the global church and worker community to come together October 22 - 26 2019 to a Buluşma Noktası (meeting place) in Ephesus.

Over the past 50 years by God's grace and the investment of many from around the world, an evangelical Church has been raised up in Turkey. Today this church is established, growing, maturing, well-led and destined to be a blessing to all the people of Turkey. These new realities demand fresh consideration of ministry practice and strategy for the church and those who partner in the work in Turkey.

Today Turkey is a society in dynamic and accelerating evolution. In this "new" Turkey a spiritual awakening is taking place.

Intercede for Turkey and pray about attending the Buluşma Noktası.

Registrations for the Buluşma Noktası will open in September 2018.

We will circulate more details soon. In the meantime you can let us know that you want to get further information. [Click here to get further Registration and Event Updates — Volunteer Opportunities — and to Join the Prayer Shield.](#)

NOTE: Registration language will be in English. If this is a problem we will provide individual help as requested. Main sessions at the BN2019 will be translated from Turkish and English into the languages needed according to registered participants.
